

****WE ARE NOT OPEN IN
AUGUST****

July 2017

As we prepare for our summer truck there is usually a bit of a panic and uncertainty. Do we have enough to completely fill the truck? It would be terrible to have even the smallest space left; we always cram every corner.

Will we have enough strong young people to help load? It takes a lot of energy to physically carry everything to fill a huge articulated truck.

Can we complete all the papers necessary to take the truck. These can run to several hundred pages for the authorities in Moldova.

Anyway, thanks to all the lovely people who have donated things and to the wonderful volunteers who sort and pack everything we should dispatch our summer truck in mid-July. The little girl on the right is delighted with her new Exminster Primary School shirt and toy but just look at her shoes.

The summer in Moldova can be unbearable hot so please give a thought to those who willingly unload everything into our store in Bălți to clear customs and ready for distribution.

This truck will have several tonnes of very good quality used and some new clothing as well as shoes etc. We have lots of zimmer frames, wheelchairs all of which are always eagerly awaited. We also have medical supplies for doctors, hospitals and a centre for those suffering from cancer. In addition we have school supplies and the children will be delighted with all the new and used toys we have.

There are so many families who need help. The summer is possibly the easiest time of

year despite having to work in searing heat growing their crops but it is also a worrying time. If the harvest fails what will they eat in the winter? If they have insufficient wood how will they survive the bitter winter temperatures? Once the summer is over and the harvest collected nothing more can be done. The summer truck is very very important as it will carry aid to help them survive the winter as well as lovely things to use for the Summer Camps and toys for the children.
