

June 2016

The contents of the recent truck have mostly been distributed now and everything was very well received. A huge thank you to everyone who donated their good quality used clothes etc., knitted blankets and jumpers and sorted through everything. In the villages everyone is very busy working in the fields preparing the soil and planting in the hope this year there will be no drought and the harvest bountiful.

The children will now break up for the summer and not return until September. This will provide the opportunity for them to help with all the work. We hope to be able to send some of these children to a Summer Camp to give them the opportunity to be children and play, even if this is only for a week or so. On the last truck we sent boxes families here had made-up for specific elderly people in

Moldova. When ninety-year-old Tanya Balan received the package especially for her she was so happy. She has nobody to care for her and didn't have any food and told us she was crying many nights and prayed someone would visit her. She had no food in the house. When Eugenia Drab took the box she said it saved her from the grave.

For most in Moldova life is intolerably tough but the spring brings new hope and new fears. Hope the harvest will be plentiful and work available but fears the summer will be as dry as last year and work unavailable. So many have abandoned all hope and have left or are proposing to leave for a new life in another country.
