

June 2018

The BBC described Moldova as a European country with African levels of poverty. Very few people realise Moldova is as poor as it is. The suffering there is tragic to witness. The importance of our Aid Trucks cannot be over emphasised.

With the aid and support we have received and the wonderful team of sorters it looks like we will have enough to fill the 40 tonne truck and be able to send an articulated lorry full in the summer. All we need now is the funds to send it - this is something we can achieve. We have said on many occasions the importance of these Humanitarian Aid Trucks; not only do they give essential practical help but most importantly give hope.

The schools in Moldova will have broken up for the summer and the children will not return until the 1st September. For many this will indicate the start of many hours in the fields tending the crops hoping and praying for a good harvest.

We hope to be able to sponsor many children to the various Summer Camps organised by the churches again this year. This is a wonderful opportunity for the children to be 'children'; – to play games, sing and just have fun. It is thrilling to see them playing games; simple games, running, jumping, chasing and then in the evenings singing and making-up plays.

It is our aim each year to sponsor as many children as possible, at the cost of about £10 per day including all food and accommodation. This is a lot of money but when you see the children having so much fun it is worth every penny, and more!

Please note that Hugh and Tina have moved – so please do not take any items to Lumley Close.
